innocence and light???????

i walked

alone

i saw light

in memory of:

elaine cianciola

richard champagne

richard hinckley

we have traveled many roads together through school. now it's time to choose the road of life. i hope everyone chooses the right one. to me these few years of schooling have been a great success. the success was due to the co-operation of the teachers and us. i sincerely hope that we will be able to co-operate with the world as well.

i feel that i must thank you, my fellow classmates, for making the class of '70 as great as it is. it will be number *one* for many years.

peace is a word on everyone's tongue. the only way that it can be achieved is by everyone striving for it. so please don't leave it up to the next guy. thank you.
